Our Ministry Model

Greetings,

Thank you for considering a partnership in our shared journey towards community transformation. One guest at a time and with each family, we are blessed to walk alongside. We believe that as a united community, lives can truly be transformed: bridging from chaos to Shalom.

Since launching in 2017, our growing network has sought to offer support in relationally focused ways, rooted in our commitment to the principles of Redemptive Compassion® a biblical philosophy on how we can offer holistic help to those we serve.

Through our Help Center, we have the unique opportunity to relationally serve families struggling with issues related to poverty, unemployment and under-employment. We also have a growing team of Resource Navigators (community advocates) mentoring guests who have committed to achieving short-term and long-term goals.

From furniture for folks who've finally secured housing, to an expanding group of dental professionals across the city, Love INC's Gap Ministries are providing crucial resources when people need them most. And our REACH Education program offers life skills and self-enrichment curriculum designed to allow participants to achieve new heights.

It is only because of donors, community partners and the passionate volunteers that Love INC of Metro Tampa is able to bridge families from chaos to Shalom.

We seek to support our guests and member churches in ways that allow us all to live out the calling Jesus Christ has given every believer: radical, relational love for humanity. We're excited to enter into this partnership with your organization and look forward to winning your support for many years to come.

Grace and peace,

The Love INC Team

Everything We Do Is Relational

We believe relationships are the bedrock of transformation. Love In the Name of Christ's Relational Ministry model can be expressed in three interconnected ways or "modes."

The Help Center

The Help Center, is the heart and foundation of all Love INC ministries. It acts as a relational bridge between people in need within our community and a local church family. The Help Center receives requests for help, screens the requests, verifies the need, and then refers the request to a local church ministry, church volunteer, or community agency. After people are helped, the Help Center follows up to ensure the need is met and to offer continued spiritual support.

Gap Ministries

As the Help Center receives calls for help, "gaps" in community services and resources are identified. Love INC helps churches with a desire and the means to build ministries to "fill the gap." The role of Love INC is not to replace the Church but to help churches distribute their skills, gifts, resources, and love to communities in need - In the Name of Christ.

Gap ministries may include Car Repair, Furniture, Clothing, and Child/Infant Care Products.

Transformational Ministries

Through local churches, we seek to transform the lives of people in chronic need by providing caring relationships and training opportunities.

Our Resource Navigators are one-to-one relationships with guests to mentor, coach and support them through long-term transformation by creating a success plan to improve their future.

Through our REACH program we seek to build relationships that equip, affirm, challenge and heal through learning opportunities presented to our guests. [Learn more here.](#)
